Modern fiction authors have carved their own way into the minds of the new generation. Here is a list of top 10 modern fiction authors. That's the power of fiction authors who have made the framework of tales with their creative inscriptions and meticulous writing style. As rightly quoted by Stephen King, “Fiction is a lie and a good fiction is the truth inside the lie.” Whether its horror, science fiction, mystery, thriller, romance or literature there are prominent names that rule a certain genre. Sidney Sheldon, Robin Cook, Jeffrey Archer created magic in their own niche but in the past few years new writers have come up with an equal flare of writing and creativity. Listed below are the top 10 modern fiction authors of the c

This primary material includes passages of Latin American fiction in translation, biographical sketches, and images. Designed as a supplemental text for survey courses on Latin American history, this book's provocative problems approach will engage students, evoke lively classroom discussion, and promote critical thinking. Latin American Modern Architectures: Ambiguous Territories has thirteen new essays from a range of distinguished architectural historians to help you understand the region's rich and varied architecture. It will also introduce you to major projects that have not been written about in English. A foreword by historian Kenneth Frampton sets the stage for essays on well-known architects, such as Lucio Costa and Félix Candela, which will show you unfamiliar aspects of their work, and for essays on the work of little-known figures, such as Uruguayan architect Carlos Gámez Gavazzo and Peruvian archit
Influenced by developments in modern psychology, writers began using the stream-of-consciousness technique, attempting to recreate the natural flow of a character's thoughts. The stream-of-consciousness technique involves the presentation of a series of thoughts, memories, and insights, connected only by a character's natural associations. Joyce was a brilliant linguist who for many years earned his living by teaching English to foreigners. He knew Latin, Italian, French, German, and numerous other tongues. His first recorded poem was written in 1891. The collection of poetry entitled Chamber Music was published in London in 1907. Latin American reality evolves so quickly that this five-year update of Problems in Modern Latin America is both amply justified and warmly welcomed. (Oscar Chamosa, University of Georgia). Many of the sources are cut short - for example, only one scene is included from a particular fiction book - which is understandable given page restraints, but it does make me wonder if I would have a different impression of the meaning of the intact works, and causes me to doubt the points the excerpts meant to make. They draw a specifically Latin American landscape, populate it with characters drawn from local customs, and commit themselves to an identifiable sociopolitical program. It is in this context of the preoccupation with specifically Latin American landscapes that we can understand the comments of Alejo Carpentier, the Cuban novelist and precursor of the Boom generation. He suggests that the widely perceived baroque quality of Latin-American fiction reflects not a love of fussy ornament but a necessary response to near-universal incomprehension of the most mundane details: "Heinrich Heine s
