This is a maritime and military history of Lake George and Lake Champlain. It is easy to read and to the point. As a History book, it doesn't really have a "plot". I was particularly interested in the information regarding Joseph Payant dit St. Onge. As a history buff, I found the book very interesting.

The significance of the publication is highlighted by Russell Bellico, author of Sails and Steam in the Mountains: A Maritime History of Lake George and Lake Champlain. He writes that Barker's and Huey's tome is a superb work of scholarship based on exhaustive research on both sides of the Atlantic. J. Winthrop Aldrich, New York State Deputy Commissioner for Historic Preservation, states that the maps are of significant help now as we continue to build our understanding of what happened in our war for independence, and why. This rediscovered treasure and the illuminating commentary and notes start by marking the significance of the publication.
