
Incorporating the expertise of the leading orthopaedic surgeons throughout the world, Chapman's Orthopaedic Surgery, Third Edition offers coverage of all aspects of both conservative and operative treatment—from preoperative planning to surgical procedures to postoperative rehabilitation—for the resident and practitioner. Dr. Jens Chapman is an orthopedic surgeon in Seattle, Washington and is affiliated with multiple hospitals in the area, including UW Medicine-Harborview Medical Center and University of Washington Medical Center. He received his medical degree from Other and has been in practice for more than 20 years. Orthopedic surgeons diagnose and treat ailments affecting muscles, bones and joints, treating sports injuries, degenerative diseases, tumors, infections, and birth defects.
