BPS 333
Title: Pharmacology: Connection to Nursing Practice
Author: Michael P. Adams; Carol Urban
Publisher: Pearson Education
Edition: 3rd, Third, 3e Year: 2015 Format: Hardcover
ISBN: 0133923614 (0-13-392361-4)

COM 100
Note from Instructor: COM 100 uses a custom text, Communication Fundamentals, as well as courseware from the book publisher. Buying the courseware gives access to online quizzes for the chapters, supplemental study materials, AND the electronic version of the text. You don't need to buy the physical book from the Kingston bookstore if you are OK with reading the book online. If you do want the physical copy, you can buy it from the bookstore with or without access to the electronic materials.

FLM 100

GWS 220
Required Readings
Stein, Karen: Rachel Carson (Sense Publishers) ISBN 9789462090668

Much of the material required reading for this course is available through links to on-line material in Sakai.

Recommended Readings
Carson, Rachel: Silent Spring
Carson, Rachel: A Sense of Wonder
Caplan, Paula and Jeremy B. Caplan: Thinking Critically about Research on Sex and Gender

HIS 146
1) Buhle, Gerhard, and Murphy, A Concise Women’s History (New York: Pearson Education, Inc., 2014)
ISBN: 9780205905935
NFS 207

Textbook: Perspectives in Nutrition: A Functional Approach
by Byrd-Bredbenner, Moe, Beshgetoor and Berning.

Note from instructor: Everyone needs to purchase McGraw Hill Connect (electronic access to the textbook resources) in order to complete class assignments. This includes the e-book.

If you don’t want a physical book or aren’t sure:
   a. Once you have purchased Connect access, you can then order a looseleaf version of the textbook through Connect if you want it (more expensive than getting both through the bookstore).

If you want a physical book: You have the following options:
1. Bookstore Bundle – The loose-leaf book with Connect access is sold in the bookstore and is available for online ordering.
   [http://campusstore.uri.edu/SelectTermDept.aspx](http://campusstore.uri.edu/SelectTermDept.aspx)
   Search: Kingston Fall 2017 --> NFS 207 --> Marissa Ruginski
   It’s listed like this: Applied General Nutrition W/ Connect 1
   Author: Larson, ISBN: 9781308355337

2. On amazon or another retail website: remember that you need to search for the Title WITH Connect Access or you will have to purchase Connect separately.

NFS 212G

The textbook for NFS212G is a custom textbook. While you can purchase electronic only access, I don't recommend it for this book. Unfortunately, the online interface is not ideal and many past students found it hard to read. I strongly recommend everyone purchase the hard copy of the textbook.

Hard Copy
The book comes in soft cover and you can order it through the URI bookstore, via online ordering.
[http://campusstore.uri.edu/SelectTermDept.aspx](http://campusstore.uri.edu/SelectTermDept.aspx)
- Once you make the selection you'll scroll down below your current course list and click "Get Course Materials"
- The author will show up as NNAKWE and the title as Custom Public Health Nutrition: NFS and Publisher as Jones + Bartlett

Electronic Only
Purchase directly from the publisher with the link below:
double check that the correct ISBN displays: 9781284008883
SPA 101

- ARRIBA: Comunicación y cultura 6th ed; Zayas-Bazan, Bacon, Nibert
- MySpanishLab (MSL) Packet

**Note from Instructor:** You can purchase or rent the book but you must buy the My Spanish Lab packet. If you would rather have an electronic copy of the book, you may do so. If you do want the physical copy, you can buy it from the URI bookstore. Remember you will need to get the textbook or e-text and the MSL packet, which has the access code.

STA 220

  
  **OR**

  
  - **Note from Instructor:** Purchase the access code for MyStatLab and a copy of the e-textbook. This can be purchased on-line directly from Pearson but **not until the first week of class** (as you will need the course ID). The text book is available in a soft cover or hard cover version that you can (but are not required to) purchase separately also. If you purchase a paper copy of the textbook with an access code then be sure not to use the access code until you get the course ID (needs to be generated for each “new” class session). You may be able to find a copy of the textbook online without the access code.

NUR 150

- **Required Text**

  **UNDERSTANDING HUMAN SEXUALITY 13e**
  
  HYDE
  
  
  ISBN-10: 1259733033
  

**To Purchase:**

Visit the following:

Click “Register Now.”

Enter your complete student email address.

Click “Submit”

Click on the “Buy Online” button, select Connect and enter credit card information.

Complete the one-time registration process.

Enter Connect.

Each time after that, all you will need to do is:

Visit the following:

URL [https://connect.mheducation.com/class/t-kisler-accelerated](https://connect.mheducation.com/class/t-kisler-accelerated)

OR

Click the “MH Campus” tab on Sakai

Enter user name and password and begin working.

**TMD 126**

Format: e-book with Dashboard access
Like other core nursing subjects, the focus of pharmacology. Pharmacology: Connections to Nursing Practice recognizes that pharmacology is not an academic discipline to be learned for its own sake, but a critical tool to prevent disease and promote healing of illness. This connection to patients, their assessment, diagnoses, and interventions, supports basic nursing practice. Like other core nursing subjects, the focus of pharmacology must be to teach and promote wellness for patients. Pharmacology: Connections to Nursing Practice identifies key pharmacologic concepts and mechanisms and clearly connects
